

## Discover our community with a member of the local residents.

Welcome to the Commune of Crans-Montana !

Our Commune is a dynamic place with many different associations whose activities create a rich social life. We believe that it is important for all newcomers to be able to participate fully in the community.

It is for this reason that we invite you to participate in our project. If you desire, we would like to designate a local resident to help you. This person will be responsible to help you to discover the facilities and activities which we have to offer in the commune. In making your new acquaintance you will be able to discover and share your common interests, for example, children, music or cooking. This local resident would also help you to become familiar with the local administration, welfare and benefits at your disposal.

If you don't speak French, our commune will put you in touch with somebody who speaks your language. This person will help you in bridging the cultural gaps between your home community and your new residence.

To help your successful integration into our community, we would like to express a warm welcome to you and we hope that you will take this occasion to participate in this community project.

### **Yes, I would like to meet a local resident who can help me participate in the social life of my new commune.**

Family name, name:

Address:

Mobile Phone:

E-mail:
